

## Quality Policy

Techworx Ltd is committed to producing and supplying quality products and to developing new market opportunities.

The Company shall actively strive to maintain and improve customer satisfaction while seeking to develop new customers, determine customer requirements in terms of product and the ability to meet their requirements as well as statutory and regulatory requirements.

The Company is committed to the development of new and improved products, efficient procedures and the development of personnel via training and management support as a basis for achieving continual improvement and strengthening the business.

Likewise, the Company monitors and validates suppliers and their ability to meet our requirements in terms of quality, service and delivery times.

The procedures and objectives of the Quality Management System are to meet the standard ISO 9001:2008.

Proposals for the development of the Quality System, the Company and its employees are reviewed at Management Meetings, from which objectives for improvement are set.

Quality is the responsibility of all Techworx employees starting with management and is one of the company's core values.
